1.2 TG Technical Committee (TGTC)

The TG Technical Committee (TGTC) is composed of seven (7) voting members and 2 non-voting members.

The following positions will be elected during the TG Assembly in **EVEN YEARS**:

- Chair (designated TGTC nominee to the GymBC Board of Directors by virtue of being elected TGTC Chair)
- Provincial Judging Chair
- Athlete Representative (1-year term)
- 2 Members at Large, who may be assigned a portfolio by the committee (1-year term)

The following positions will be elected during the TG Assembly in **ODD YEARS**:

- Vice Chair, who may be appointed to the Technical Leadership Working Group

- Athlete Representative (1-year term)
- 2 Members at Large, who may be assigned a portfolio by the committee (1-year term)

The following are non-voting members of the TGTC:

- GymBC TG Program Manager

1.3 Training Camps

The trampoline program has two streams of training camps: provincial and national/high performance. Athletes wishing to attend a training camp may be asked to be accompanied by their regular, primary coach. Should that coach not be able to attend, that athlete's secondary coach – who is familiar with the athlete's training program – may attend instead.

Athletes and coaches are encouraged to contact the TG Program Manager for information on upcoming camps.

2. Athletes

2.1 Amateur Status

All athletes competing in a GymBC sanctioned event must abide by the regulations of GymBC, GymCan, FIG and the International Olympic Committee governing amateur status.

2.2 GymBC Membership

An athlete must be registered in the appropriate category and be in good standing to participate in GymBC sanctioned events. It is each club's responsibility to ensure that its athletes are registered in the correct levels and categories by the set deadlines as determined by GymBC.

All Provincial Levels 1-4, National Novice, Junior and Senior; Levels 5, 6 and 7 categories are considered competitive.

Trampoline CanJump program Levels 1-12 are considered developmental.

If an athlete participates in a GymBC sanctioned event without being registered as a competitive member, the athlete's club will be fined.

2.2.1 Moving to BC from another Province

Canadian athletes moving from another province during a competitive season may represent their new club at any provincial event. It is the club's responsibility to register the member(s) appropriately and within the required deadlines. Membership is non-transferable between provinces.

2.2.2 Athletes Transferring Clubs

Please refer to the GymBC Registration Handbook for complete details.

2.3 Integrated Performance System (IPS)

Gymnastics has been recognized by viaSport and by the Canadian Sport Institute Pacific (CSI-P) as a targeted sport; this means gymnastics is a sport in which there is a strong potential for BC athletes to be named to National Teams. GymBC programs benefit from Enhanced Excellence Funding (EEF) to improve programming for national-level athletes,

while targeted athletes and coaches receive access to specialized services in pursuit of national and international podiums.

The list of targeted athletes is determined after Canadian Championships, by September 30th, and considers an athlete's performance during the prior season. In some categories/instances, National Team members are identified by GymCan at a different time of the year. The athletes awaiting National Team status will be put on the targeted list with the mention to be confirmed. Confirmation is made by GymCan directly with CSI. The list is in effect from September 1 to August 31.

The targeted athlete list selection criteria can be found by selecting Gymnastics BC on the CSI-P website.

2.4 Athlete Competitive Attire

All athletes must dress in their club's current team competitive attire for all preliminary rounds of competition at all GymBC sanctioned competitions in BC, unless prior approval from the TGTC has been given. Any/all athletes not dressed in their club's current team competitive attire will receive a dress code violation as per the TG Canadian Competition requirements.

Inclusivity: All competitors must be dressed in the CURRENT club's team competitive attire. All GCG rules apply for proper attire for all preliminary competition. Athletes may wear either male or female CLUB TEAM uniform.

Athletes in L1 and L2 may petition to wear a t-shirt for sensory purposes. This rule does not apply to Western Canada Cup.

2.4.1 Jewelry

No jewelry may be worn by competitors, spotters or coaches acting as spotters. Taping of jewelry is not adequate. Medic alert bracelets as well as Blood Glucose Sensors can be worn but must be taped.

2.4.2 Warm Up

When warm up is conducted in the competition gym, all competitors and coaches must dress in competition attire or equivalent.

2.5 Funding - Athletes

2.5.1 Athlete Assistance Program (AAP) - Trampoline

Athletes who meet the requirements below may apply to receive AAP funding from GymBC. AAP funding will be processed in the fall, based on the National Team Ranking list, published by GymCan in January of that year. This funding allocation is designed to recognize athletes who have achieved national accolades, national team status, and/or international assignments.

Requirements. To qualify for the Athlete Assistance Program, the athlete must:

- Be in good standing with GymBC
- Be registered to compete in the current competitive year
- Fill out and return the completed AAP application form
- Attend the preceding BC Championships as a Competitor, Judge or Coach
- Take part in a demonstration with full or partial routines/passes
- Have competed and ranked at the preceding Canadian Championships
- Be properly attired in club or Team BC uniform as per GymBC and/or GymCan regulations at interprovincial events
- Agree to support and participate in all initiatives of GymBC programming (i.e., attend Technical Committee designated camps, attempt to qualify for appropriate Team BC events, etc.)
- Athletes accepting AAP funding agree to abide by the Team BC Code of Conduct or otherwise be subject to funding repercussions. Injured athletes at the time of BC Championships must still participate in some capacity to be eligible for AAP funding.

Groupings. The amount of funding available in a given year will determine which groups will receive funding. None of the groups are guaranteed funding, and funding will be equal for all athletes in a given group. GymBC will be responsible for determining the funding options for each of the selected athletes. The TGTC will determine (by vote) the amount to be given.

Medical petitions for Canadian Championships (CC) and/or Canada Games (CG) will not be accepted.

- **Group 1:** Senior National Trampoline Team Member – ranked 1-8, based on the NT ranking as published by GymCan in January.
- **Group 2:** Junior OR Development National Team – ranked 1-4, based on the NT ranking as published by GymCan in January.
- **Group 3:** Senior OR Junior Trampoline competitor — not ranked; has attended an international event identified by the GymCan High Performance Director for which they competed in the FINALS round, OR has placed in the TOP SIX at the most recent Canadian Championships.
- **Group 4:** Level 7 Trampoline Competitor Aged 17+ — placed TOP SIX at the most recent Canadian Championships.
- **Group 5:** Espoir (L6 14U / 15-16) Trampoline Competitor — placed TOP SIX at the most recent Canadian Championships.
- **Group 6:** Novice (L5 14U / 15-16) Trampoline Competitor — placed TOP THREE at the most recent Canadian Championships.

Athletes will be placed into Groups 1 to 3 based on the GymCan national team ranking list as published by the GymCan TG Program Manager in January.

Note: should there be a need for a deciding factor, each nominee would be given points equivalent to those awarded to each placement for the annual athlete's awards. Those with the highest points will be given priority on the nomination list.

Appeal Process. In the event an athlete wishes to dispute the AAP selection process, they may ask, in writing, the Technical Committee to review their decision.

2.5.2 Senior National Team – Provincial Competition Subsidy Program

To support the presence of Senior National Team athletes at BC's own provincial competitions, GymBC will refund registration fees for these athletes at one (1) Provincial Cup of their choosing, plus BC Championships, each competitive season.

- Athletes named to the Senior National Team for the 2026/27 season are eligible.
- Funding is automatic upon appearing on a Senior National Team list — athletes do not need to apply.
- Funding is provided once per athlete per season. Athletes do not receive additional funding for each appearance on a National Team list within the same season.

2.5.3 High Performance/National Funding

Formerly known as Tiered Funding, HP and National Funding may be offered annually by GymBC. This funding allocation is designed to recognize athletes for consistent excellence through the entirety of the competition season. When offered it will adhere to the following requirements:

- **Flat Funding** – everyone will receive the same amount
- **Achievement Based** – funding will be given to the top two BC athletes, in each discipline, in their respective level, based on their performance at:
  - Results measured from the best of 2 Provincial Cups, Elite Canada, and/or BC Championships. Athletes must attend the required number of events to be eligible for funding. If an athlete is absent from one or more required events due to an international assignment, the international score will replace their score.
  - Levels included: L5-7, Novice, Junior, Senior, for TRI, TRS, DMT, TUM.

Funding will be sent to clubs after the event. The following restrictions apply:

- Funding is based on the total amount available from GymBC; clubs and coaches will be notified as soon as this is known.
- Athletes who do not meet the minimum standards will not be eligible for any GymBC funding. Minimum standard: attendance at 2 cups, Elite Canada, and BC Championships.
- Hard costs include, but are not limited to: registration, GymCan surcharges, accommodation and meals, ground transportation, additional support staff or judges. Transportation costs will **not** be included in the funding allocation and are the responsibility of each athlete.

2.5.4 Performance (Excellence) Funding – Canadian Championships

In recognition of excellence, four (4) grants will be awarded to the top-performing TG athletes from BC based on that season's Canadian Championships results. This funding allocation is designed to recognize athletes who have achieved top results at Canadian Championships. All funds will be distributed to the respective athlete's club based on the following criteria:

- A total of $2,000 in funding will be distributed with each discipline – Trampoline (TR), Double Mini Trampoline (DMT), Tumbling (TU), and Trampoline Synchro (TR-S) – receiving one award.
- All eligible athletes will receive an equitable distribution of the Performance Funding based on individual results as prioritized in the matrix below. Team competition will not be considered.
- Should multiple athletes from the same discipline have the same result (e.g., a female and male Senior gold medalist in TU), both athletes/teams will receive funding.
- If NO athlete meets the required standard in a discipline, funds will not be awarded and may be allocated to athletes in the other discipline at the discretion of the TGTC.

2.5.5 Additional Funding for Athletes

International Competitions. Additional funding **may** be available to athletes for international GymCan assignments and national training camps, on a case-by-case basis. Any athlete wishing to apply for funding must submit their request (or have their coach submit it) in writing to GymBC. An intent to participate should be submitted as soon as possible and must include the event name, dates and approximate costs, followed by a confirmation of participation once confirmed by GymCan. All receipts must be submitted to the GymBC TG Program Manager. If no receipts are provided, no funding will be disbursed.

2.6 External Sport Credit Program for Students

The BC education system provides an opportunity for athletes who are elementary and high school-aged to earn credits toward their high school graduation depending on their depth of involvement in gymnastics. GymBC administers this program for the government.

Letters of *External Credit* achievement will be automatically generated from the GymBC office for the following team involvement achievements:

Credit	Achievement
Grade 10 credits	Zone Team participants at BC Winter Games (AG Only)
Grade 11 credits	Team BC participants at Western Canada Cup
Grade 12 credits	Team BC participant at Canadian Championships; Team BC participant at Canada Winter Games

Students can expect to receive a letter (or letters) for their accomplishment sometime between January and/or May of the year following the season of competition. Letters are sent ONLY for the first year of achievement. The athlete/student must bring a copy of the letter to their high school counsellor upon receipt.

Students who have achieved a certain level as a competitive athlete, coach, or judge may also be eligible for external sport credit. GymBC will send a letter to students who have achieved the standard and request a letter from the GymBC External Credits Coordinator.

For more information, please visit the Government of BC website.

Canadian Championships — Mandatory Activity: Canadians Preparation Camp. Assistance for the Canadian Championships preparation camp, for selected team coaches, MAY be offered through the TG Technical Committee. It is mandatory for all selected Team BC coaches to attend the Canadians preparation camp. All receipts must be submitted to the GymBC TG Program Manager. If no receipts are provided, no funding will be disbursed. The further in advance notice is given, the greater the chance of receiving funding.

4. Competition Structure

4.1 Confirmation of Competitive Categories

All athletes must register with GymBC by the required deadline of the current competitive season. Athletes wishing to participate in any sanctioned GymBC competitive event must register in one of the following categories by the required deadline(s):

Provincial Level: For athletes competing in Level 1, Level 2, Level 3 and Level 4.

National Level: For athletes competing in Novice, Junior and Senior; Level 5, Level 6, Level 7.

The categories apply to all individual trampoline, double mini, tumbling and synchronized trampoline events.

At all BC Provincial Cups and BC Championships, the men and women compete separately unless otherwise indicated on the official event registration form.

NOTE: CanJump Events

- Provincial Level 1 and Level 2 athletes are permitted to participate in a CanJump zone event as well as BC Provincial Cups.
- Athletes MUST be registered with GymBC as competitive athletes.

Each competitor may enter one individual competition level per discipline at any sanctioned GymBC competition. Initial placement of an athlete into a competitive level in any discipline, and advancement of an athlete from level to level, shall be the decision of the coach and athlete. Once an athlete has competed in a level in any particular discipline, they may not compete at a lower level in that discipline.

All athletes listed on the official competition entry form must be properly registered as a competitive athlete with GymBC prior to the competition deadline. Fines for unregistered athletes will be levied against the related club. Unregistered athletes will not be allowed to compete until all fines have been paid and the athlete is properly registered.

For all BC Provincial Cups, failure to register athletes in the correct category and/or age group will result in the athlete being ineligible for qualification.

4.2 Age Splits

Age restrictions, recommended age splits and requirements are in place for all levels. Age splits should remain consistent through the competitive season, unless presented with unforeseen circumstances.

Max: 25 athletes in a level category – if a level has more than 25 athletes in the same gender, it will trigger an age split. Age splits in Level 1 should create evenly distributed groups without creating an age split of fewer than 3 athletes.

Suggested Age Splits:			
Level	**TRA**	**DMT**	**TUM**
Level 1 women	9U / 10-11 / 12+	9U / 10-11 / 12+	11U / 12+
Level 1 men	NONE	NONE	NONE
Level 2 women	12U / 13+	12U / 13+	NONE
Level 2 men	NONE	NONE	NONE
Level 3 women	14U / 15+	NONE	NONE
Level 3 men	NONE	NONE	NONE
Level 4 (women/men)	NONE	NONE	NONE
Level 5	NONE	NONE	NONE

Level 6	NONE	NONE	NONE
Level 7	NONE	N/A	N/A

4.3 Development Program - CanJump

Athletes registered as recreational (Gymnastics for All), interclub and/or CanJump must upgrade to the competitive levels in order to take part in any GymBC sanctioned provincial cup and/or BC Championships.

Please check with the Gymnastics for All Program Manager for additional information.

CanJump is a development Trampoline Gymnastics program designed for athletes aged six and older. This program includes a 12-level achievement system for trampoline, double mini and tumbling. It also contains progressions for fundamental skills (four levels), physical preparation (12 levels), and evaluation/progress sheets.

CanJump Levels 1 to 12. The assessment tools built into the CanJump program will be used to expand the trampoline program activities by providing competition opportunities to CanJump participants of all levels. Clubs will be able to host Interclub Trampoline competitions to complete CanJump evaluations.

These interclub competitions serve many purposes, including but not limited to:

- Providing valuable competition experience to young trampoline participants
- Providing a fun competition experience for artistic participants who would like to get assessed on trampoline
- Providing opportunities for less experienced coaches to access ongoing and apt coach education, and to share safe training strategies — helping mitigate the risk of trampoline activities

Interclub competitions are meant to be in-club hosted activities (no need to rent a facility) and include more than one club. More information regarding coaching certification requirements can be found in the Coaching Education Operations Manual.

NOTE: GymBC mandates the use of the CanJump program in all GymBC member clubs. All participants using trampoline devices (whether registered as artistic or trampoline) will be required to follow the CanJump program.

4.4.4 Confirmation of Competitive Categories

Each competitor may enter one individual competition level per discipline at any sanctioned GymBC competition. Initial placement of an athlete into a competitive level in any discipline, and advancement of an athlete from level to level, shall be the decision of the coach and athlete. Once an athlete has competed in a level in any particular discipline, they may not compete at a lower level in that discipline.

All athletes listed on the official competition entry form must be properly registered as a competitive athlete with GymBC prior to the competition deadline. Fines for unregistered athletes will be levied against the related club.

4.4.5 Mobility

Once an athlete has competed in a level in any particular discipline, that athlete may not compete at a lower level in that discipline. Petitions due to extenuating circumstances must be presented to the TGTC prior to the registration deadline of the first BC Provincial Cup.

Additional information regarding athlete mobility and GymCan event eligibility can be found in the GymCan Canadian Pathways document.

The TG Program Manager, in collaboration with the provincial judging chair, **will produce a mobility report within 10 business days following each competition**. The mobility report will be provided via email to all registered coaches.
