Gymnastics is for EVERYONE.

01

Established in 1969, Gymnastics BC (GymBC) is a non-profit organization responsible for the governance, promotion, and development of gymnastics in British Columbia. We deliver competitive and recreational programming, support our member clubs, and work every day to make gymnastics an accessible, welcoming sport for everyone in this province.

This report covers activities from September 2025 to August 2026.

ZONES

OUR WHY

Creating the conditions for athletes, coaches, judges, club leaders, volunteers, and families in every corner of the province to have a fun, safe, and meaningful gymnastics experience, from the first preschool class to world finals.

Advancing Our Mission

A joint message from the Board Chair and Chief Executive Officer.

02

As we look back on another remarkable year for gymnastics in British Columbia, we want to begin with thanks. To every athlete, coach, judge, club leader, volunteer, and family: your passion and commitment lift our sport every day and inspire the next generation of gymnasts.

This year, GymBC set its course for the next five years by launching the 2026-2031 Strategic Plan for Gymnastics in BC. Building on your feedback gathered through surveys and workshops across disciplines and regions, it sets out our priorities for the next five years and renews our Mission, Vision, and Values, placing participation, lifelong engagement, and trust at the heart of everything we do.

BC was well represented on the international stage this year, with athletes, coaches, and judges at World Championships, Junior World Championships, and World Cups. Closer to home, our athletes brought home medals from Elite Canada, Westerns, and Canadian Championships in every discipline. Although they garner collective pride, these results belong to the athletes, their coaches, and the judges, clubs, and families who support them.

Recreational gymnastics had a milestone year. The GFA Committee turned 40, and we marked the occasion with our first GFA Month in May and a new GFA Strategic Plan to guide the program through 2031. We welcomed teams to BC Gymnaestrada, and in July, groups from across the province represented BC at the Canadian Gymnaestrada in Regina. Many are now preparing for the 2027 World Gymnaestrada in Lisbon.

Our commitment to Safe Sport and inclusion remains central. This year brought new education and equipment safety resources for clubs, a new liability insurance partner, progress on our Risk Register, and the initialization of our new Diversity, Equity and Inclusion Committee. We are pleased to report that leadership has made significant progress addressing the OEI Report and Recommendations. To date, action has been taken on 98% of the 40 recommendations, with 59% deemed complete.

On behalf of the GymBC Board of Directors and staff, thank you for your partnership, your feedback, and your belief in our shared vision. Together, we are building a stronger, safer, and more inclusive gymnastics community for all.

“Together, we are building a stronger, safer, and more inclusive gymnastics community for all.”

2026-2031 Strategic Plan

A five-year roadmap for gymnastics in British Columbia.

03

In May 2026, GymBC launched its 2026-2031 Strategic Plan, a five-year roadmap for the organization and the gymnastics community in British Columbia. Built through a collaborative consultation process, the plan establishes our priorities, goals, and performance measures, and reinforces a commitment to strong governance, transparency, accountability, and member-focused leadership. At its core is a focus on rebuilding and sustaining trust across the gymnastics system.

“

Our Strategic Plan reflects a shared commitment to shaping a stronger future for gymnastics in British Columbia. At its core, this plan is about strengthening trust: in our governance, our systems, and our collective ability to move the sport forward together.

CHANTELLE YATES, BOARD CHAIR

OUR VISION

Inspiring quality, inclusive gymnastics for life.

OUR MISSION

Shaping the future of gymnastics by strengthening pathways for participation, performance, and lifelong engagement.

Our Values

Eight values guide our actions and inform how we work with members, partners, and each other.

INTEGRITY We act transparently, remain accountable, and earn trust through our actions.	COLLECTIVE RESPONSIBILITY Together, we own outcomes and act in the best interest of the whole.
INTENTIONAL We are thoughtful, purposeful, and deliberate in our decisions.	ADAPTIVE STEWARDSHIP We care for the system today while evolving for tomorrow.
SAFETY We nurture an environment where physical, psychological, emotional and cultural safety are valued.	CULTURE OF BELONGING We create the conditions and opportunities where everyone is included, respected, and inspired to contribute.
INNOVATION We challenge the status quo to find better ways forward.	ELEVATE We are committed to enhancing standards, inspiring potential, and continuously improving sport at every level.

The full 2026-2031 Strategic Plan for Gymnastics in BC is available on the [GymBC website](#).

CULTURE OF BELONGING IN ACTION

GYMBC DEI COMMITTEE This year GymBC kickstarted its Diversity, Equity and Inclusion (DEI) Committee. The committee is developing a framework and set of ongoing projects to move our community from awareness to meaningful, lasting action, guided by humility, togetherness and a culture of belonging.
--

“We aspire to a culture of belonging for every person by purposefully nurturing the conditions and creating opportunities for safety, inclusion, respect, and to inspire potential.”

A new multi-discipline GFA course developed in BC trains Competition 1 level skills across five disciplines through a two and a half day NCCP course.

12 NEW LEARNING FACILITATORS

Three Competition 1 WAG, four Gymnastics Foundations Intro, and five Gymnastics Foundations Artistic facilitators were trained this year.

THEORY MOVES ONLINE

The Gymnastics Foundations Theory course was discontinued in April 2026, with all GF theory requirements now self-guided through the Locker.

JUDGE EDUCATION

INTRO TO WAG JUDGING VIDEO

A new education video was developed for judges entering the WAG stream.

MAG ENTRY LEVEL COURSE

The virtual, self-guided MAG entry level course was reinstated this year.

WAG JUDGING COURSES

Ten WAG judging courses ran in person and virtually, drawing 191 total registrants.

Professional Development and Courses

PROFESSIONAL DEVELOPMENT

The third annual GymBC Pro-D Day featured sessions on coaching for judges and judging for coaches, a panel discussion on gymnastics as a career, a webinar on integrating mental skills, and a session on navigating WAG funding and support. GymBC offered nine other professional development opportunities in partnership with the GFA and WAG programs, Now What Facilitation, and other partners.
