The TG Technical Committee (TGTC) is composed of seven (7) voting members and 2 non-voting members.

Further information regarding the Trampoline Technical Committee may be found in [Committee Policies and Procedures](#) document.

## 1.3 Integrated Performance System (IPS)

Gymnastics has been recognized by viaSport and by the Canadian Sport Institute Pacific (CSI-P) as a *targeted sport*; this means gymnastics is a sport in which there is a strong potential for BC athletes to be named to National Teams. GymBC programs benefit from Enhanced Excellence Funding (EEF) to improve programming for national-level athletes while targeted athletes and coaches receive access to specialized services in pursuit of national and international podiums.

The list of targeted athletes is determined after Canadian Championships, by September 30<sup>th</sup>, and considers an athlete's performance during the prior season. In some categories/instances, National Team members are identified by GymCan at a different time of the year. The athletes awaiting National Team status will be put on the targeted list with the mention *to be confirmed*. Confirmation is made by GymCan directly with CSI. The list is in effect from September 1 to August 31.

The targeted athlete list selection criteria can be found by selecting Gymnastics BC [here](#) on the CSI-P website.

## 1.4 Training Camps

The trampoline program has two streams of training camps: provincial and national/high performance. Athletes wishing to attend a training camp may be asked to be accompanied by their regular, primary coach. Should that coach not be

able to attend, that athlete's secondary coach – who is familiar with the athlete's training program – may attend instead.

Athletes and coaches are encouraged to contact the TG Program Manager for information on upcoming camps.

### **1.4.1 Provincial Level Training Camps**

Provincial training camps are open to all athletes in provincial level 1, 2, 3, 4 or as specified in the camp invitation and registration package. At these camps, athletes will focus on a specific element of the Trampoline program as identified in the invitation and registration package.

### **1.4.2 National & High-Performance Camps**

National and high-performance camps are open to all athletes in national **Novice, Junior and Senior; Levels 5, 6 and 7**. Priority may be given to targeted athletes. At these camps, athletes will focus on a specific element of the Trampoline program as identified in the invitation and registration package.

## **2. Athletes**

### **2.1 Amateur Status**

All athletes competing in a GymBC sanctioned event must abide by the regulations of GymBC, GymCan, FIG and the International Olympic Committee governing amateur status.

### **2.2 GymBC Membership**

An athlete must be registered in the appropriate category and be in good standing to participate in GymBC sanctioned events. It is each club's responsibility to ensure that its athletes are registered in the correct levels and categories by the set deadlines as determined by the GymBC. More information regarding membership and registration may be found in the [Registration Handbook](#).

All Provincial Levels 1-4, National Novice, Junior and Senior; Levels 5, 6 and 7 categories are considered competitive.

If an athlete participates in a GymBC sanctioned event without being registered as a competitive member, the athletes' club will be fined.

### **2.2.1 Moving to BC from another Province**

Canadian athletes moving from another province during a competitive season may represent their new club at any provincial event. It is the club's responsibility to register the member(s) appropriately and within the required deadlines. Membership is non-transferable between provinces.

## 4.3 Development Program - CanJump

Athletes registered as recreational (Gymnastics for All), interclub and/or CanJump must upgrade to the competitive levels in order to take part in any GymBC sanctioned provincial cup and/or BC Championships.

Please check the Gymnastics for All Program Manager for additional information.

CanJump is a development Trampoline Gymnastics program designed for athletes aged six year and older. This program includes a 12-level achievement system for trampoline, double mini and tumbling. It also contains progressions for fundamental skills (four levels), physical preparation (12 levels) and evaluation/progress sheets.

### CanJump Levels 1 to 12

The assessment tools built into the CanJump program will be used to expand the trampoline program activities by providing competition opportunities to CanJump participants of all levels. Clubs will be able to host Interclub Trampoline competitions to complete CanJump evaluations.

These Interclub competitions serve many purposes, including but not limited to:

- providing valuable competition experience to young trampoline participants
- providing a fun competition experience for artistic participants who would like to get assessed on trampoline
- providing opportunities for less experienced coaches to access ongoing and apt coach education, and to share safe training strategies. This will in turn help mitigate the risk of trampoline activities.

Interclub competitions are meant to be in-club hosted activities (no need to rent a facility), and include more than one club. More information regarding the coaching certification requirements can be found [here](#).

**NOTE:** **GymBC mandates** the use of the CanJump program in all GBC members clubs. All participants using trampoline devices (whether they are registered as artistic or trampoline) will be required to follow the CanJump program.

## **4.4 Program Objectives**

### **4.4.1 TG Disciplines**

The pathway consists of four disciplines:
